To Whom it May Concern:

I am pleased to offer a personal and professional recommendation for Petersen Brothers, Inc. We are currently finishing up a federally funded building at the Twin Falls Airport. These types of projects can have a tremendous amount of paperwork, additional safety issues, etc. I am happy to report that Tim Pollard, Jeremy Petersen and their crew handle these additional requirements with ease and efficiency. Typical construction projects HAVE issues. All issues were handled in a proactive and in the utmost professional manner.

Petersen Brothers is committed to quality work and it shows. Efficiency, with courtesy, Petersen Brothers is an absolute pleasure to work with and I would recommend them for your needs.

I would be happy to discuss my experience with Petersen Brothers at any time. Please call me (208) 733-2446 or (208) 790-4270.

Sincerely,
